FAQs

Who should consult this document?

The College Teaching Certificate is designed for doctoral students and postdocs who are expecting to teach in their future careers and who want to formally document their pedagogical development.

Why document your pedagogical development?

The pedagogical development required for The College Teaching Certificate, including the Teaching Statement and the Teaching Portfolio, is typically a component of applications for teaching positions.

How should I use this document?

This document is a suggested timeline toward earning The College Teaching Certificate. Requirements can be completed according to your schedule, and beginning your journey towards the certificate later than suggested does not preclude you from earning the certificate.
